Memorandum

cc : C/GSD
FROM : DAD/S&D

DATE: 15 December 1964

SUBJECT:

Your memorandum on tasking was like a breath of fresh air.

I presume that George will proceed to determine the precision with which tracking would be required if FMSAC and others endorse your recommended paragraph 5 tasking. I am asking GSD to start thinking about what the limits might be so that at the time we have the requirements in hand, we also may have an estimate of just what has to be done in order to meet them.

Chief, GSD: Would you please discuss with me how this looks to you and let's see if we can schedule this about 21 or 22 December.
